Curriculum Guide:

In order to prepare for scheduling, our online Curriculum Guide will assist you with:

- Course information: Course descriptions, prerequisites, grade level
- Graduation requirements and typical course progression in each department
- Additional opportunities such as online courses, dual enrollment, KCTC

In order to access the Curriculum Guide and additional copies of this scheduling form online please go to <https://www.gosquires.org/hs/academics/>.

To get to this information from the front page of the website go to [gosquires.org](https://www.gosquires.org/), find the High School tab and select Counseling Office and then from the menu on the left select Scheduling Information.

Scheduling Instructions:

1. In order to get more detailed information to help you make informed scheduling decisions the following resources are available:
 - a. The Curriculum Guide is available online at <https://www.gosquires.org/hs/academics/>.
 - b. The grade 11/12 high school counselor, Mrs. Vickie Swanson (vswanson@gccsmi.org), will gladly answer any of your questions.
2. Study the Sample Worksheet (third page) and the Graduation Requirements Checklist (fourth page) before completing the Scheduling Form (second page). You may separate the Sample Worksheet and Graduation Requirements Checklist and keep them for reference.
3. **Current students** please complete the scheduling form and submit it to Mrs. Swanson or Mrs. Nelson on February 20 or 21 when they visit your US History course.
4. **New students** or anyone submitting this form after February 21 please submit forms to our high office or contact one of our counselors, Mrs. Vickie Swanson (vswanson@gccsmi.org) or Mrs. Emily Nelson (enelson@gccsmi.org).

Junior Scheduling Form

Name: _____

REQUIRED COURSES:

A high school schedule consists of 7 class periods each semester. Therefore, when signing up for classes for next school year there are 14 openings that need to be scheduled. Classes typically required for all juniors are already completed for you. If you feel you should have an exception to one of these requirements (for example, you took one of these classes previously or need to delay a course until senior year) please contact one of the high school counselors, Mrs. Vickie Swanson (vswanson@gccsmi.org) or Mrs. Emily Nelson (enelson@gccsmi.org).

ELECTIVE COURSES AND STUDY HALLS:

To complete your schedule choose between 5 and 9 elective courses.

Any option listed with both an "A" and a "B" indicates A would be first semester and B would be second semester of the same course.

If less than 9 courses are selected, then choose Study Hall for the remaining openings.

Below is a list of courses typically available to seniors. Other options such as an online course may be possible. If you want to select a course not listed below please contact the high school counselor, Mrs. Vickie Swanson (vswanson@gccsmi.org)

Sample Worksheet

Please understand that this sample is presented to show the big picture of high school graduation requirements. Classes may occur in different semesters and even in different years than how they are shown. For example, O.T. Survey can be taken either first or second of Freshman year or even delayed until sophomore year. In addition, students taking accelerated courses, taking online or dual enrollment courses, or completing courses at KCTC may take courses in different order or even take different courses than those listed.

Notes:

- The blank spaces in the sample schedules need to be filled in with the additional required courses listed below, elective courses (see Curriculum Guide), or Study Halls. At most one Study Hall per semester is suggested.
- Additional required classes that must be taken before graduating:
 - Four (4) semesters of Foreign Language (all in the same language).
 - Two (2) semesters of Visual, Performing, or Applied Arts chosen from the following areas:
Music, Art, Culinary Arts, CAD & 3D Design (formerly Graphic Communications), or Woods
 - One (1) semester of Physical Education (in addition to completing Physical Education 1)
 - One (1) semester of Technology
- Chemistry or Advanced Chemistry may be taken Junior or Senior year.
- Math class may be optional Junior year if the student took 8th grade Algebra, 9th grade Geometry, and 10th grade Algebra 2, but all students will be required to have a Senior year Math class.
- Not all classes at CCHS clear the NCAA Clearinghouse (for example, math and science Concepts courses). If you are potentially interested in NCAA athletics be sure to talk to a counselor about course requirements.
- Detailed class descriptions are available in the Curriculum Guide online on our website at <https://www.gosquires.org/hs/academics/>
- Students attending KCTC must make sure that all credits necessary for graduation can still be completed.
- Additional courses may be available for students who are eligible to take online or dual enrollment elective courses. Please see a counselor if you are interested in investigating additional elective options via online learning.
