

GCCS Board Purpose & Supervision

The GCCS Board of Trustees provides strategic direction and oversight for the entire school system (the “School”) in order to ensure effective implementation of the GCCS Strategic Plan and discern God's will as it relates to the future of the School. The Board directly supervises the Head of School (Eric Burgess), develops and maintains the GCCS Strategic Plan, and provides guidance concerning challenges that face the School.

Strategic Board

The Board is a strategic board, as opposed to a tactical board. That means that the Board is responsible for setting goals for the School, delegating authority to address those goals, overseeing the progress made, and holding people accountable. It does not mean that the Board develops tactics for completing the goals, manages day-to-day progress toward those goals, or otherwise becomes involved in the operations that are necessary to achieve the goals.
